### OMB Japan Co. Ltd. presents Commissioned Art at INDEX 2025 in Dubai

Yokohama/Dubai, 17th. March 2025 – OMB Japan K.K., the Japanese sales office of the German OMB Vertriebsmanagement GmbH, will be exhibiting for the first time at INDEX 2025 in Dubai, showcasing unique, custom-made artworks under the theme "Spirit made to Picture." From 27th. May to 29th. May 2025, visitors can experience three distinctive art pieces displayed at OMB Japan's booth **6F 268**. Each artwork artistically captures the individual essence and spirit of a city.

The uniqueness of these custom creations lies in their innovative use of carefully selected wording, combining names, symbols, and cultural elements to vividly convey the unique spirit and identity of cities. Each artwork is individually commissioned and perfectly suited for sophisticated and authentic interior designs, particularly for the hospitality sector (hotels, restaurants, cafés), public and municipal spaces, as well as high-end luxury interiors.

"With our motto 'Spirit made to Picture,' we precisely capture the contemporary trend towards personalization and authenticity in interior design. Our artworks not only provide aesthetic value but also resonate emotionally by uniquely highlighting the character and culture of the represented cities," explains Michael Eckardt, Managing Director, OMB Japan K.K.

Visitors, art enthusiasts, and professionals from the interior design and hospitality industries will have the opportunity at INDEX 2025 in Dubai to personally experience this innovative concept and directly engage with representatives from OMB Japan K.K. Additionally, guests can conveniently share their impressions and feedback either directly at the exhibition stand or online via QR code and a digital feedback form.
