## ABOUT US

Angstrem is one of the most popular furniture brands in Russia.

Our furniture is a balance between fashion trends and its own style and philosophy. The range of Angstrem includes 19 collections of furniture for kitchen, bedroom, living room, children's room. At the request of the customer, each item can be customized in size, decor or fittings.

Our mission: To be the best in shaping the living environment of a modern person, to develop and translate into reality the brightest ideas and dreams. To make the world better and people happier.

Our values: customers, employees, partners, technologies.

We are glad to new contacts, partners and projects.
