## About Us

AAGAR was initiated by Arun Aggarwal, a visionary innovator committed to sustainability and reducing carbon footprints. Arun has worked alongside other globally acclaimed professionals to address environmental issues and support UNFCCC initiatives on global warming, which resulted in the establishment of AAGAR. Arun's passion for creating beauty from seemingly mundane materials led him to transform scrap metal into stunning works of art. At AAGAR, we are dedicated to promoting sustainability and minimizing our environmental impact through the creation of unique, handcrafted pieces. We invite you to join us in our mission to create a more sustainable future while enjoying the artistry and beauty of our creations.

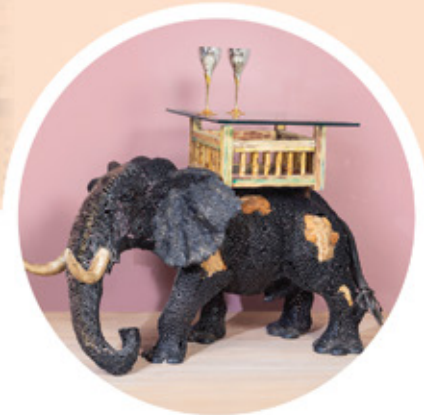

## Accent Furnitures

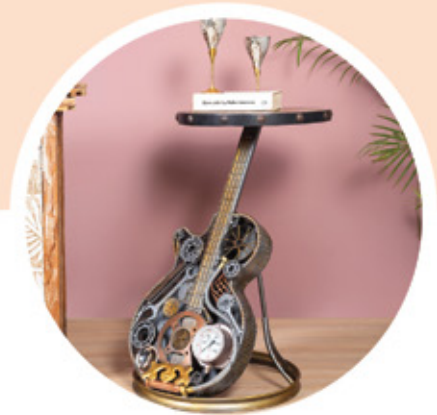

At AAGAR, we believe that furniture should be just as unique as the individuals who use it. That's why we offer a range of accent furniture pieces that are characterized by their unique, avant-garde style. Each piece is made using a variety of scrap metal materials, resulting in furniture that is not only stunning but also sustainable. Our accent furniture is perfect for those who appreciate a more eclectic approach to home decor.
